

# Laura Rubio

"I am a Mechanical Engineering graduate actively seeking a career change, investing time and effort to acquire new skills aligned with my passion for engineering. With a strong foundation in mechanical engineering, I provide a unique perspective, a commitment to continuous learning, and a proactive approach to contributing to projects. I possess the ability to quickly grasp concepts, collaborate within a team, and find solutions. My five-year experience with my previous company showcases my commitment and loyalty. I am enthusiastic about the opportunity to use my engineering skills, continue learning, growing, and making valuable contributions within your company."
